

POWER UP YOUR BUSINESS!

Are you a small business with an ambition to **grow**?

Start your journey today with a **FREE** impartial business diagnostic!

(available for Derbyshire based businesses outside of Derby City)

As part of your FREE diagnostic we will:

- Look at where you are now and where you want to be
- Identify the area(s) where your business would benefit from additional help and support
- Help you find the assistance you need to achieve your goals

Your diagnostic and business health check will be carried out by the D2N2 Growth Hub advisor. This project is part funded by ERDF and Derbyshire County Council and delivered by NBV Enterprise Solutions. NBV's Growth Advisors are highly experienced in all aspects of business growth and will come to your premises to work with you.

To further help you to promote your business, on completion of the initial support interventions, eligible businesses will benefit from 12 month's **free** NBV Biz Ex membership; an additional business support and networking package worth up to £385.
